Spinneybeck Leather Application Process

Spinneybeck leathers are made from the top 2% of the world's finest hides, inspected numerous times during production.

After tanning, all Spinneybeck leathers are drum-dyed, a time-consuming procedure which ensures color penetration throughout the hide. Then each hide is finished in the manner which will best bring out its individual character.

Spinneybeck leathers are all full-grain aniline drum-dyed products imported from Italy.

The following is a list of Spinneybeck leathers. Leathers are grouped into five price categories referred to as "grades." The selection of approved leathers varies by product. Please refer to the application approvals matrix for more information.

Square footage requirements for Customer's Own Leather (COL) are listed on each product's pricing page. Please refer to COM Seating Process Overview for further information regarding COL.

For further information, call Spinneybeck at 1 800 482-7777.

Grades	Characteristics
U	
Vicenza	Finished cowhide, corrected grain that is slightly raised.
Volo	Finished cowhide, corrected grain, slightly raised grain texture.
V	
Acqua	Water-repellent finished cowhide, corrected grain, slightly raised grain texture.
Andes	Slightly pronounced grain, finished cowhide and enhanced grain.
Embossed Tipped	Corrected grain, aniline dyed, two-tone, heavily finished leathers breathable protective finish.
España	Smooth, tight grain cowhide; breathable, protective finish, enhanced grain.
Hand Tipped	Two-toned leather, lightly finished cowhide, pronounced pebble grain texture.
Maremma	Full grain textured suede with impregnated soil-resistant treatment.
Velluto Pelle	Slightly pronounced grain, finished cowhide and enhanced grain.
W	
Alaska	Pearlized-iridescent protective finish cowhide, full grain with smooth texture.
Amazon	Mid-weight, full grain cowhide; colors of the Amazonian jungle, raised grain texture.
Antique	Smooth tight grain cowhide, lightly antiqued to produce an elegant patina, enhanced grain .
Derby	Combination-tanned cowhide; full grain, lightly finished and raised grain texture.
Forte	High performance, full grain leather with slightly pronounced grain texture.
Lucente	Smooth, very tight grain cowhide; subtle sheen; light casein finish.
Sabrina	Smooth, tight and full grain cowhide with a breathable protective finish.
X	
Ducale	Embossed shrunken grain cowhide with protective finish, full grain.
Ducale Velour	Full grain-sueded cowhide, embossed shrunken grain, scotch-guarded.
Y	
Capri	Chrome-free, light protective finish, full grain cowhide.
Cervo	Full aniline, cowhide, pronounced grain texture, extremely soft and supple hand.
Copenhagen	Full aniline, 100% vegetable tanned leather, full grain.
Distressed	Aniline-dyed, paraffin wax final ironing process with a smooth finish, and full grain.
Lucca	Grain sueded, aniline dyed, velvety suede surface.
Marissa	Grain-sueded cowhide, smooth suede grain with soil resistant treatment.
Portofino	Full grain, lightly finished cowhide with a pronounced raised texture.
Riva	Slightly pronounced grain texture, water-repellent, full grain.
Saddle	Full aniline, smooth very tight grain surface takes on a rich patina over time.

Fabric Surfaces

A regular maintenance program will significantly lessen soil and dirt build up or staining. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems.• Avoid excessive heat or moisture. Never allow fabric surfaces to become wet inside the core. Room temperature should be maintained 50-85 degrees; humidity between 20-50%.

- Avoid contact with sharp edges which could puncture the surface.
- Do not handle fabric more than necessary. Avoid bending or flexing the surface.
- Grease or oil should be wiped off immediately. Remove exces grease or oil by blotting. Use hot water and mild soap to remove any remainingresidue.
- Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalis, or solvents. These ingredients may react to backing or adhesives used. Always test cleaning agents in an inconspicuous place first.

KnollTextiles fabrics

See KnollTextiles website for detailed cleaning and care instructions. Wipe all spills immediately. Brush and vacuum every three to four months. Use a foam upholstery cleaner as directed semi-annually or more frequently, if necessary. Try a hidden area to test for color fastness.

Spinneybeck Leathers

Leathers develop a patina with age. Wipe all spills immediately. Do not use harsh cleaners, wax or oils, which will clog pores. Periodically wipe with a damp cloth. See spinneybeck.com for detailed cleaning and care instructions and to purchase leather maitenance kits and ink remover.

4. Reveal color

Note: Reveal option not available on leather or vinyl upholstery.

Base Grade
Knoll Textiles Infinite K2263 is the base grade textile for Pixel Lounge. Please refer to Materials and Finishes page 5 for specification details.

Application Notes

Upholstery / COM information:

Prices shown include fabric or leather upholstery. Contact your Knoll representative for colors. Only approved KnollTextiles and Spinneybeck leathers may be ordered.
Customer's Own Materials available pending approval.
Please note that leathers and vinyls will experience slight puckering around the corners. This will not detract from the beauty and quality of the upholstery.

Construction

Upholstery seats are constructed of high-density foam, wrapped in textile or leather, with a plywood bottom for stability. Upholstery backs and arms are constructed of high-density foam molded over a steel frame.

Beam components are constructed of steel tubing and are shipped knocked-down, to be assembled on-site with included hardware.

Specification Information

To order please specify

1. Pattern Number
2. Leather

Note: Reveal option not available on leather or vinyl upholstery.

Application Notes

Upholstery / COM information:

Prices shown include fabric or leather upholstery. Contact your Knoll representative for colors. Only approved Knoll Textile and Spinneybeck leathers may be ordered.

Customer's Own Materials available pending approval.

Please note that leathers and vinyls will experience slight puckering around the corners. This will not detract from the beauty and quality of the upholstery.

Construction

Upholstery seats are constructed of high-density foam, wrapped in textile or leather, with a plywood bottom for stability. Upholstery backs and arms are constructed of high-density foam molded over a steel frame.

AP	Polished Aluminum Leg

Specification Information

To order please specify:

1. Pattern Number
2. Leg finish

End and Intermediate Leg Finish:
AP = Polished Aluminum
111T = Jet Black
118T - Bright White

Beam rails are only available in Jet Black 111T.
Mid-span leg is only available in Jet Black 111T.

Description and Construction

Standard Beams may be specified on their own to support seats and tables or may be utilized as a foundational starting point from which to further build on a seating configuration. They allow for planning straight runs in lengths up to 4 seat or table positions.

Beam components are constructed of steel tubing and are shipped knocked-down, to be assembled on-site with included hardware.

2. Leg finish

End and Intermediate Leg Finish:
AP = Polished Aluminum
111T = Jet Black
118T - Bright White

Beam rails are only available in Jet Black 111T.
Mid-span leg is only available in Jet Black 111T.

Description and Construction

Pixel Lounge Returns provide planning opportunities as a base structure that extends perpendicularly from another beam to create an “L” or “T” shape configuration. They allow for planning returns of up-to three seat or table positions.

Beam components are constructed of steel tubing and are shipped knocked-down, to be assembled on-site with included hardware.

Build-to-Spec - Lower Components - Beams
Straight Beams, Intermediate Return

Pixel trade

Pixel™ Trac is a non-sequential modular power system that allows users to link up to 13 duplex receptacles together off of one hardwired power infeed. With locking and keyed connectors, installation is a snap. Pixel Trac is a UL Listed Manufactured Wiring System.

Pixel™ Trac Starter:
Pixel™ Trac Starter cables (PLKTSH/SC) are metal clad and connect to the power source. They have a locking and keyed connector on the opposite end that snaps into a Pixel Trac Duplex (PLKTD).

Pixel™ Trac Kit:
Pixel Trac Kits are offered in a variety of lengths to best fit your lounge configuration. Each kit includes a metal clad jumper with a duplex attached. Choose a Trac Kit (PLKTK) that matches the length between duplex receptacles (PLKTD) placed on the beam structure.

Ordering Information

Each starter (infeed) cable can accommodate a maximum of (13) Pixel Trac jumper kits. Choose the length of the Starter Kit (PLKTSH/SC) that corresponds to the distance to your power source.

Select the Pixel Trac Kit (PLKTK) that is the same length as the distance between where you have chosen to place the duplex receptacles (PLKTD).

Selling Policy

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Terms & Conditions of Sales

Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice.

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.

Taxes

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.

If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.

Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.

Changes and Cancellation

Standard purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

QuickShip orders may not be changed or canceled without Knoll's authorization. In the event of Muuto order changes, 25% payment of original net order amount is required for changes incurring the week the order was entered. 100% payment of original net order amount is required for changes incurring the week the order is scheduled to ship. If Muuto is ordered on QuickShip, the QuikShip policy supersedes.

Freight Prepaid

For standard orders, freight is prepaid and included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Freight for all Muuto orders must be specified at time of order placement and added to the PO.

Delivery/Freight Charges

Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin.

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.

Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.

Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser's request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Partial shipments may be made and invoiced by Seller.

Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

Seller's Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Customer's Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair).

Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

This warranty does not apply to:

- Damage caused by a carrier other than the Seller.
- Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third party materials applied to Products.
- Products not installed by or under the auspices of a Knoll Dealer.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by *KnollTextiles* and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with

respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

- Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller's written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
